# being: Jessie James

Most people call me Jessie, but only a select few can call me  
Jessica. People say my eyes light(s) up

a room. If I could make a living doing anything in the world I'd

do what I do! Sing/songwriter, but since that is ~~is~~ always a reality I

Sing 'o. I like getting caught making out and listening  
to tenacious D. I never met a slot I didn't like but

that's mostly because freedom turns me on. My mother claims I ~~am~~

have turrets when it comes to the opposite sex. I ~~live~~ don't live in Houston because

I live in Nashville and Vacations always makes me want to have a drink.

My go-to drink is usually Ice tea but after a ruff day I crave

cookies. My biggest claim to fame (besides this page in Barstool) is

my single "wanked" and I own all bragging rights when it comes to

maxim Hot 100. If I could have 5 minutes with Britney Spears, I'd

fix her hair because ~~it's messy~~ but I love her. If I ever placed a personal ad in

the paper, my first line would be

I'm little, but im loud . The best pickup line I've ever

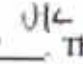

heard was (Never have had a good line) and ? so hard I soccer players

Rahhhhh. The dirtiest-best-kept secret in Houston is ~~I have no clue~~ suck

and I only share it with Ali moon. I can't go a day without wearing

my Nora lash lashes because they are sexual. My guiltiest pleasure

involves Hot choc chip cookies and big men. My biggest pet peeve is

Slow drivers in and Affliction tees make me wanna throw up . The

tastiest piece of grub in all of H-town is free birds chips and the hottest piece of ass

is Ali moon
