Weekend Forecast/Deadly Flash Floods/Eyelash Extensions

AND MORE

My poll on which show/celebrities will lose popularity the fastest is closed. 100% of respondents said that High School Musical will. No one selected Miley Cyrus/Hannah Montana or Suite Life on Deck. Only one answer was allowed. Thanks to all who participated.

My new poll is about eyelash extensions. Would you consider getting them? Only one answer is allowed. Thanks in advance for participating.

So why you ask...am I doing a poll about eyelash extensions? Well every time I go to the John C. Freeman weather museum, I pass a business on Southmore called Novalash The Academy of Eyelash Arts and Sciences. So I checked it out and Houston, we are the headquarters of this eyelash extension company. They have certified professionals and training programs across the US and even internationally. Who would have thunk it?
